TAKING CARE OF REFUGEES.

Los Angeles Committee the Soul of Hospitality.

Over Twelve Thousand People Given a Hot Meal.

Supplies to San Francisco. Eastbound Travel.

(BY THE ASSOCIATED PRESS-P.M.)

SAN FRANCISCO, April 26.—The relief delegation from Los Angeles has distributed hundreds of tons of provisions and clothing, in addition to several carloads of the Southland's choice oranges.

Los Angeles people have established a camp near the lodge in Golden Gate Park, where any person may obtain a hot meal. At noon, today, over twelve thousand people were fed.

Already, Los Angeles has sent to San Francisco thirty-five cars of provisions, five cars of oranges, three cars of chloride of lime, and several cars of clothing.

W. S. Voorsanger, head of the committee, has just telephoned to Frank Wiggins, secretary of the Los Angeles Chamber of Commerce, that women's and children's clothing is badly needed, and must be forwarded at once.

SALT LAKE ENTERTAINS.

TRAVELING MEN'S RELIEF.

(BY THE ASSOCIATED PRESS-P.M.) **SALT LAKE** (Utah) April 26.—A few hours in the city made a vast difference in the appearance and feelings of 250 San Francisco refugees who came in at 2 o'clock and left this evening for the East over the Rio Grande Western Railroad. The members of the party were not very hungry, as they had been bountifully provided with lunches all along the route, but they were travel-worn and clothed in a most incongruous collection of garments.

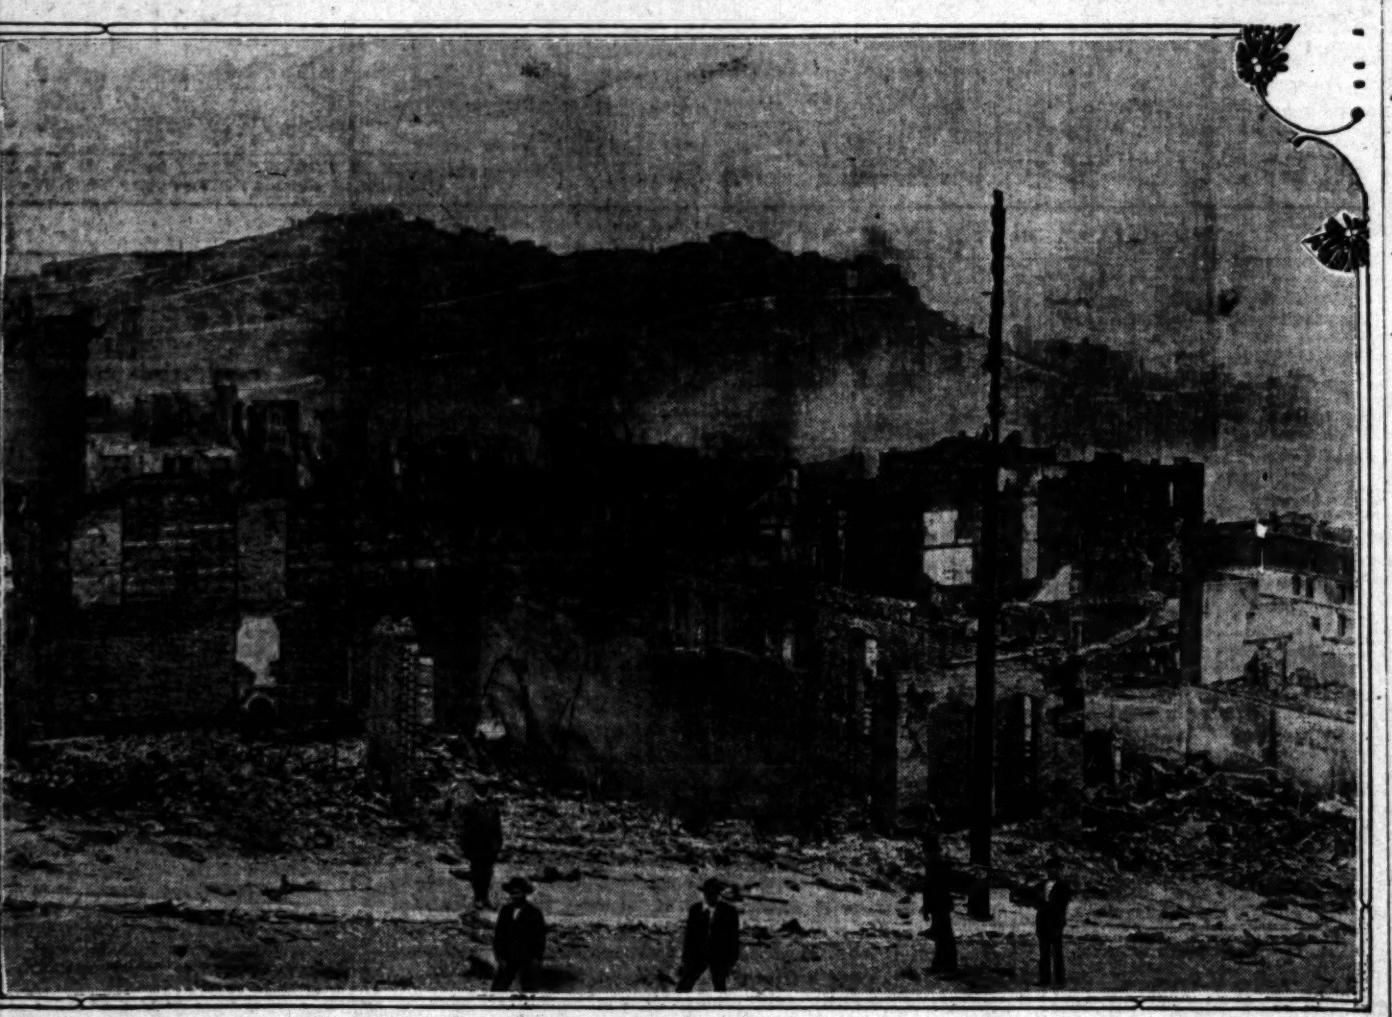

The local relief committee took them at once to the armory, where their necessities were investigated. Wherever possible, movable clothing was taken from the stock on hand, but whatever was lacking was purchased and paid for at the stores. Shoes, stockings, shirts, hats, underclothing and overalls were among the articles purchased. When all were distributed, the party was escorted to the sanitarium baths and everyone was permitted to plunge into the big pool. It was the first bath anyone had enjoyed since the disaster. Supper was provided at the hotels and restaurants. It was a novelty to have real napkins and a complete service, which every refugee could appreciate.

TWO MORE PARTIES.

Two more large parties of refugees passed through the city later in the evening, and the local committee made sure that every immediate want was supplied.

FOR TRAVELING MEN.

A subscription list for the benefit of traveling men representing San Francisco houses was started at a local hotel, tonight, and will be expensed by the travelers who started it that the service will spread all over the United

San Francisco's Chinatown as it lies today.

PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, April 26.—[Exclusive Dispatch.] A strong northwest wind tempered the sun's rays to-day, and held the maximum temperature at 72 degrees. Minimum temperature for the day was 57 degrees. Chicago will receive tomorrow a consignment of Colorado weather, but will probably be spared the snow which fell in considerable quantities in the Western States today. Middle West temperatures:

Alpena	50	59
Bismarck	49	55
Cairo	54	60
Cheyenne	56	62
Cincinnati	53	60

Charles Higgins, went to the jury to-night. Higgins, a non-union man, was shot and killed in an ambush during the steel workers' strike.

DES MOINES AND NEGROES.

(BY DIRECT WIRE TO THE TIMES.)

DE MOINES (Iowa) April 26.—[Exclusive Dispatch.] Confronted by the unanimous refusal of Des Moines hotel men to accept negroes as guests during the Presbyterian General Assembly in May, members of the local Entertainment Committee may extend the hospitality of their own homes.

VENTURES INTO VESUVIUS.

Prof. Matteucci lowers Lieut. Migliardi into the crater but gases drive him out.

(BY DIRECT WIRE TO THE TIMES.)

NAPLES, April 26.—[Exclusive Dispatch.] Prof. Matteucci, director of

those "FIRST PHOTOGRAPHS." New York Sun Discriminates Between the Camera and the Yellow Journalist's Brush.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, April 26.—[Exclusive Dispatch.] Referring to the New York American's alleged "first photographs" of the San Francisco disaster, the Sun says:

"The lens of the camera never lies. It tells all the truth that the honest sunlight communicates to it. The liar is the man with the brush or pencil who goes at the honest negative in the service of the dishonest newspaper."

"We are referring now to the batch of 'first photographs' of the San Francisco disaster."

MADE EMERGENCY ORDERS.

Carnegie Gives Precedence to Contracts for Steel Material for Rebuilding San Francisco.

(BY THE ASSOCIATED PRESS-A.M.)

PITTSBURGH, April 26.—Orders have been issued by the officials of the Carnegie Steel Company making all contracts for structural and other steel

to direct contracts from San Francisco, but also to contracts placed by builders who may receive orders to begin the work of rebuilding. It is already stated that it will apply to pipe, bridge material and to any rails necessary in the reconstruction of the street-railway lines.

ARGENTINA'S PROHIBITION.

BUENOS AIRES, April 26.—[Exclusive Dispatch.] Argentina has published a decree prohibiting the export of cattle from Brazil, because it is suspected that some animals are attacked with foot-and-mouth disease.

This prohibition is only for a limited time. A newspaper, El Diario, commented on the decree, and the Minister of Agriculture had published the decree, moved by personal motives. The Minister has demanded that the paper retract the slander.

RUINED AREA UNEQUALLED.

About Ten Thousand Acres of Buildings in San Francisco Devastated.

(BY THE ASSOCIATED PRESS-A.M.)

OAKLAND, April 26.—The Tribune says that a well-known engineer states that the area devastated by the fire in San Francisco approximates 10,000 acres, or about fifteen square miles.

There are few cities in the world where so much valuable property is contained in equal territorial area. Within this fifteen square miles were nearly one hundred banks, some of the finest buildings in the world, thousands of mercantile and manufacturing establishments and more than 250,000 inhabitants, besides some 40,000 transients.

The aggregate of fatalities will probably not exceed 700, and will certainly reach 1000.

Notwithstanding the enormous and widespread destruction, the homes of 150,000 people are still standing, practically uninjured. There still remain the great shipyards at the Potrero, the Pacific Mail docks, the stockyards at South San Francisco, the docks, manufacturers along the water front from Mission Creek to Hunters Point, the mint, the postoffice and a large retail district on Fillmore and Divisadero streets.

The order relating to emergency material, it is said, will apply not only

APRIL 27, 1906.

ADMINISTERING CITY AFFAIRS.

Committee Holds Most Important Meeting.

Influences Against the Electric Car Service.

Funds and Sanitation—Funds and the Legislature.

BY THE ASSOCIATED PRESS.—A.M.]

SAN FRANCISCO, April 26.—At the meeting today, there was a long discussion over the possibility of starting a number of electric street railway systems. The city did not yet feel that all the fire from this source was out, and the Mayor finally appointed a committee to investigate and report.

During the discussion concerning the electric railroads, Chairman Rudolph Edwards said that he believed that it would be comparatively safe to open up the electric lines. All wires had been entirely disconnected.

Hunt added that the return of the wires had been very rapid, and that the danger of fire was at the minimum, that when the fire started there would be a general system of inspection along the lines, and that no care would be taken for the present after 6 o'clock.

Many of the railroad companies believed that the electric power could be given to the people in the city without any serious risks.

NEED OF WATER.

By Payson of the Water Committee, of the water phase of the fire. He said that a number of the city's most important reservoirs had either entirely destroyed or partially damaged, and it was in condition to meet the demand upon them. There was no lack of water for fire purposes, and no adequate means of protection against fire, if it should occur.

STEINHOFF'S ELECTRIC LINES.

Schüssler, the Spring Valley Company's chief engineer, told the water situation at considerable length, and explained that it would be unwise for the city to experiment with the electric power.

He compared the unburned portion of the city to a lot of kindling wood, and said that the more of the city that was saved, the more should be done which might be now.

Garrett McEnery told the Governor that there was some uncertainty among the lawyers and bankers as to whether the Chief Executive was formally de-

clarating the relative position of himself and Gen. Funston. He said that he had divested himself, as far as possible, of all departmental duties, which would continue to remain in the hands of Gen. Funston, and would devote himself to the sanitation of the city, the matter of the policy of the army in its usual relations with the city, and other special questions.

SANITARY PRECAUTIONS.

Col. George Torrey, who is directly in command of the sanitation problem, announced that the situation was very encouraging. Every precaution had been taken in the city parks where tens of thousands of people were finding temporary shelter. The members of the city boards had been transferred to the City Board of Health, and Col. Torrey stated that the daily reports of Dr. Edwards, the Health Board president, were very favorable.

If no agreement made by Col. Torrey is adopted, a camp for the Chinese refugees of the city will be established on the gold hills of the Presidio, and controlled by the army. Col. Torrey said that the Chinese, confident of the ability of the Federal government to give them the fullest protection, had expressed their willingness to camp there.

The final disposition of these people could then be made as the city saw fit.

Col. Torrey added that the health authorities of the city and the army medical corps were working harmoniously, and that there need be no fear whatever of the spread of contagious diseases. Detention camps and hospitals were being arranged for which would make that almost impossible.

URGING SPECIAL SESSION.

The question of the application of the State Legislature caused some debate. Garrett McEnery, representing the lawyers of San Francisco, asked Gov. Pardee to state definitely at what time a special session would be called.

Gov. Pardee said that it was absolutely necessary, and that a great deal of uncertainty and uneasiness would be felt until some definite announcement is made by the Governor.

James D. Phelan added that the bar association of San Francisco was very anxious that a special session of the Legislature should be convened.

Gov. Pardee replied that it was his present intention to have a special session, but he had not entirely made up his mind as to the date and said he proposed to take no hasty action.

He said that the Sacramento Association had published resolutions declaring that a special session was not necessary, and while he did not propose to be unduly influenced by them, he was still going to give the matter the most thorough consideration before he took the final step.

He added that before the Legislature is called, there should be some definite assurance that legislation most necessary would be enacted.

Mayor Schmitz closed the discussion by making a formal call upon the Governor for a special session of the Legislature.

Garrison told the Governor that there was some uncertainty among the lawyers and bankers as to whether the Chief Executive was formally de-

clared a legal holiday day by day. The Governor assured him that he was taking all the necessary action, and further that he would give some days' notice before discontinuing the declaration of holidays so that the lawyers and bankers' movements might feel certain that they would not fall in any of their legal and business obligations AGAINST SPECIAL SESSION.

[BY THE ASSOCIATED PRESS.—P.M.] SACRAMENTO, April 26.—Although Gov. Pardee has announced his intention of calling an extra-session of the Legislature at an early date, the Bar Association of Sacramento and a host of judges and magistrates held today to declare that an extra session is not necessary. Among the lawyers who say that it would be ill-advised to call the Legislature together are N. P. Chipman, presiding justice of the Superior Court; C. C. McLaughlin, Superior Judge Peter J. Shields and many lawyers.

At a meeting of the bar association today, the following committee was appointed to go to Oakland and confer with the Governor and the Legislature, but the members will undoubtedly argue against it: Judge P. J. Shields, District Attorney A. M. Seymour, S. S. Holl, C. L. White, T. Hatfield and Grove L. Johnson.

The opinion has been that Sacramento should postpone the calling of the Legislature, but it does not fit.

It was argued by the lawyers that an extra session would probably be of more benefit to the great corporations than to the people of the State.

FRIDAY LEGAL HOLIDAY.

[BY THE ASSOCIATED PRESS.—P.M.] SACRAMENTO, April 26.—Gov. Pardee has declared tomorrow (Friday) a legal holiday.

CONTRACTS AND INTEREST.

[BY THE ASSOCIATED PRESS.—P.M.] SAN FRANCISCO, April 26.—As long as Gov. Pardee delayed his legal holiday from day to day, which he did, he will doubtless continue for at least a month, every contract written in this State, whether or not it be due and payable in other sections, is temporarily void, in so far as conditions of interest are concerned. No financial obligation need be liquidated until the first business day of May.

Probably in San Francisco there is not more than a few thousand dollars in cash, and that is so widely distributed that it is useless except for the smallest purchases. Many millionaires are penniless, for the time being, and would be ruined forever if forced to meet their obligations with out further delay.

STEINHOFF KEEPS MOVING.

[ARIO DE JANEIRO, April 26.—[Exclusive Dispatch.] It is announced that Steinhoff, now famous as having caused the Panther incident, was last seen at Mendoza, Argentina, whence he has gone to Buenos Ayres.

WATER POWER

RELIEF WORK HARMONIOUS.

Dr. Devine Wires East to Correct Impressions.

Receipts and Distributions Are in Proper Hands.

Supplies of a Substantial Character Needed.

BY THE ASSOCIATED PRESS-P.M.

SAN FRANCISCO, April 26.—The report from the large hospitals at the Presidio and at Golden Gate Park today showed that the number of patients is less than yesterday. At the General Hospital in the Presidio, there were 550 patients today, which is 200 less than yesterday.

The decrease is probably due to the fact that the privilege of free transportation over the railroads to any part of the State expired at noon today, and many of the patients who were suffering from minor injuries and complaints left the hospitals in time to take advantage of the generosity of the railroads.

Tuberculosis hospitals have been established separate from the others. Every well and other source of water supply throughout the city is being examined by competent inspectors, to provide against any possibility of contamination and resulting sickness. The garbage of the city is being towed out to sea on barges, and all unsanitary camps have been removed and the ground which they occupied quarantined.

The medical supplies of the city have been concentrated at the Presidio General Hospital, and from there distributed to the various hospitals and relief stations. A most rigid inspection is maintained, and every case of communicative disease is promptly isolated and quarantined. The prompt and thorough measures taken by the Health Department has served to prevent any sort of epidemic, and the general average health reports are almost normal.

SAN FRANCISCO, April 26.—The impression seems to prevail in Washington and New York that friction exists here in the matter of the collection and distribution of supplies by the Red Cross Society. To offset this erroneous impression, which was conveyed to him by telegraph, Dr. Edward T. Devine, general agent of the National Red Cross,

Superbly Tailored Clothes

Keeley Cure

1022 SOUTH FLOWER
Flower

Thousands have been cured of the liquor habit by the Keeley Cure. A treatment, given with violence and comfort.

The San Francisco house saved by "Old Glory," and its protector.

Society, today dispatched several long messages to publishers in New York in which he explained that the relief-work arrangements now in force in San Francisco were perfected with the full cooperation of all the various bodies interested therein, and that the work was done in a spirit of entire harmony.

Dr. Devine today stated to the Associated Press that all was in readiness for United States military authorities to take over work of distributing supplies in conjunction with the Red Cross Society and affiliated organizations.

Over 125 relief stations have been located, and already food and other necessities are being distributed in a thorough manner. The Red Cross is ready for the registration of needy persons has been devised, and no worthy person will want.

AUTHORIZED EXPENDITURES.
All expenditures will be authorized by the Finance Committee of the citizens' relief and Red Cross funds. The members of this committee are representative bankers, business men and journalists of the city and the National Red Cross Society. This committee will audit all accounts and make a detailed report to the War Department, where a final audit and statement will be made.

ARMY PREVENTS ABUSES.
At noon today the distribution of food to the city of San Francisco was entirely turned over to the United States Army, which will act under the system already described. Under this system, many of the abuses that have prevailed in the giving out of supplies by the various local and outside relief stations, each of which was independent of all others, will be discontinued, and the direction of the stations will be centralized in the depot of the quartermaster-general of the United States Army at this port, May 1.

The impression which seems to have prevailed in New York, Washington and other eastern cities, that there was friction over the matter of con-

cerning the transfer of all its supplies now on hand would be made without the slightest confusion.

SUBSTANTIAL SUPPLIES NEEDED.
Dr. Devine expressed the opinion that the work of the Red Cross and affiliated organizations, over 125 relief stations, have been located, and already food and other necessities are being distributed in a thorough manner. The Red Cross is ready for the registration of needy persons has been devised, and no worthy person will want.

"PROHIBITION" ENFORCED.
The marines yesterday destroyed a considerable quantity of liquor in that section of the city in which they hold sway. This branch of the navy controls the police, the best portion of which are the marine police, and although they have ruled with an iron hand, their authority has been exercised with such good judgment and discretion that not a single complaint has been registered. This is in sharp contrast to the storm of protest and indignation that various arbitrary actions of the State militia has evoked.

STOREKEEPERS PUZZLED.

What between the military and the citizens' committees, the storekeepers whose business places escaped destruction, calm them down. It was believed by them that they could open their places for business, but overlooked the fact that only such as had no bars attached would be permitted to do so. As a result, a detail of marines destroyed

the windows of the stores.

PERIODICALS.

BY DIRECT WIRE TO THE TIMES.

BOSTON, April 26.—[Exclusive Dispatch.] For some reason, Jacob F. Fitch, appointed to act as Massachusetts agent for relief distribution in San Francisco, could not be located, and telegram addressed to him are undeliverable. This has hindered the work somewhat, although Massachusetts headquarters have been opened by Dr. J. F. Critchlow of Seattle, who arrived with the first train from Seattle.

V. APRIL 27, 1906.

ALL REBUILD CHINATOWN.*[Exclusive WIRE TO THE TIMES.]* Chinatown, San Francisco, April 26.—[Exclusive Dispatch] Chinatown, San Francisco, will be rebuilt. This is a fact notwithstanding the fact that pressure has been brought on the owners of property in that quarter by the Chinese as follows:

This morning there was a conference of many leading Chinese who have moved in Chinatown, and they have unanimously agreed to rebuild, as debris can be removed.

111 Chinese who own in Chinatown. The leaders have no intention of vacating. Among those who have already formulated plans for their new homes are Dr. Wong Wo, No. 111, one of the wealthiest Chinese; Kim You, the Sing Company, curio dealers. During California street fire, Wong Wo's loss was \$50,000; Wong Fung, who has business establishments in Clay street, and others of prominence.

Chung Company, this afternoon, with the owner of their former business sites, to the erection of a suitable building for their business. Leaders of the Chinese say that they will be guided by the suggestion of the Chinese minister of finance.

Chinatown shall be in the new San Francisco, to arise from the present

BUILDINGS ESCAPED. A building escaped in this incident. The ruin is absolute.

Yesterday afternoon hundreds of Chinatown looted the Chinese minister's residence, on Jackson street, took much in the ruins of the curio stores and women delved for rare bits and bric-a-brac, and many of costly goods were carried off. At 1 o'clock, the Chinese started and drove all curios worth at the point of the

BODIES RECOVERED. Fung at noon today said fifty bodies had been recovered. He said that the number will be more. Most of these bodies have been recovered.

REPRISE OF THE famous Yut Loon restaurant on Clay street, was down and killed by soldiers attempting to reenter the restaurant. The body was found.

LAW OVER A MILLION. Wong Wo says the loss to Chinatown will amount to more than \$1,000,000. Even before the ruins of Chin Yik Lin & Co., curio and stationery store, have begun to clear away the rubbish for their

regular price 20c. 5c. 3c for 5c. 1c. 5c a bunch, kinds, widths up to 10c.

WELL CARED FOR. Refugees are being well cared for at the present time, but the world fear for the safety of Los Angeles Chinese.

They have come from the city, valuing quantities of clothing. The Chinese Chamber of Commerce has a committee of ten to distribute goods. Fresno Chinese have given large quantities of supplies, and further support from the Hanford, Visalia and Tuolumne.

Long wired to Los Angeles that they must raise immediate funds.

LEWIS HAVERMALL. BATH OF HARRY DAM.

Journalist Passes Away in Home from Cancer of the Stomach.

[Exclusive WIRE TO THE TIMES.] TUESDAY, April 26.—[Exclusive Dispatch] Harry Dam, journalist and writer, died in Havana, of cancer of the stomach. He was born in California about forty years ago. In San Francisco, he was editor of the *Wasp*, a comic newspaper, and later became prominent in literary circles.

Classified Liners

Times "Liners" Advertising—Important Note Change in rate for Sunday classified advertisements. Commencing Sunday, October 1, 1928, the rate for Sunday "Liners" was raised to 1/4 cents per word for each insertion; minimum charge, 25 cents, as at present. The slight advance is fully justified by the present Sunday circulation of The Times, which averages over 70,000 copies. (When the 1-cent-per-word rate was established in 1920, The Times Sunday circulation was 34,000 copies.) The "Liner" rate for the daily—1 cent per word—will stand as at present.

Telephone your want advertisements. Ring up "The Times" any time of day or night, and secure prompt and careful attention. Rate is 1 cent per word, each insertion in the Daily 1/4 cents per word in the Sunday edition; minimum charge, 25c.

"Liners" (classified) advertisements for Sunday insertion, received at the counter, or by telephone, after 11 o'clock Saturday nights will be inserted under heading "Too Late to Classify."

The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephone advertisements.

Sunday real estate advertisements, to be classified property, must be in The Times office before 10 o'clock Saturday nights. Rate 1/4 cents per word.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

"Frats" Entertained.

Carl Schmidt entertained the members of the Phi Kappa Psi Fraternity in characteristic "frat" style last night at his home, No. 1012 Magnolia avenue. Ten members of the chapter were present.

The Symphony.

This afternoon at the Mason Opera house the final symphony concert of the season will be given. The soloist is Arnold Krause, who will play Wieniawski's second concerto. Morton F. Mason, local composer, highly esteemed in artistic circles, will give the first rendition of his new orchestral overture. The Reformation Symphony by Mendelssohn will be heard, with Elgar's celebrated march, "Pomp and Circumstance."

Married in Missouri.

A dispatch to the Times from Lexington, Mo., announces the marriage at Wellington, Mo., yesterday, of William Winkler of Los Angeles and Mrs. William Jones. Mr. Winkler has for many years engaged in the furniture business at Wellington. He came to Los Angeles and established the Winkler Curio Company, No. 546 South Main street, in which he has made a success. He will bring his bride to Los Angeles.

Attempted Burglary.

The police were notified last night of an attempt to burglarize the home of S. W. Nunlist, No. 3339 Woodland avenue, during the absence of the family. A few dresses, men's and women's, were seen emerging from the house during the afternoon, but it is not known whether the couple were callers or interested in an attempt to extract valuables from the premises. So far as could be learned nothing of value was taken. All the rooms were ransacked.

Corporal Tanner Coming.

Corporal James Tanner, commander-in-chief of the G.A.R., is expected to arrive in Los Angeles with his wife on May 5. Preparations are being made by the American Legion to give the former pension commissioners a reception at Elk's Hall on Monday, May 7, at which it is expected there will be a great outpouring. On the day following Corp. and Mrs. Tanner will leave over the San Joaquin route, this being the only one on the Pacific Coast where any stay will be made.

Severed Artery With Glass.

While intoxicated yesterday, John Mauphine, a cook, shattered the plate glass in the door of the Texas chili restaurant on South Main street with his fist. In winding up his hand, the sharp glass severed an artery in his wrist and he would have bled to death but for the prompt action of Harold Outcault, who checked the flow of blood until arrival of the police and ambulance. Mauphine was taken to the receiving Hospital very weak from loss of blood. He will recover.

Sixth-street Investment.

H. G. Cotton & Co. have sold, in conjunction with H. A. Landwehr, the property at No. 918 West Sixth street, between Figueroa and Fremont, improvements, the Columbia building, a house, the Columbia, renting for \$225 a month, and lot \$4x120, for \$22,500. The property was conveyed from F. H. Rowley to J. W. Miller of Colorado Springs, who buys as investment. Cotton & Co. will sell to H. A. Landwehr, to J. E. Hundley, an eight-room house and lot, \$6x150, on West Twenty-fourth, near Arlington, for \$6,500, for a home.

Railway Not Responsible.

The Coroner's jury in the case of Mrs. Avilda K. Vos found that no one was responsible for her death. The inquest was held yesterday at the coroner's morgue. Mrs. Vos was killed in a street-car accident the night of March 31. She was being driven across Jefferson street by Figueroa in a carriage and a man's car crashed into the vehicle, fatally injuring Mrs. Vos, and painfully injuring Mrs. Sophia Hubbell, who occupied the carriage with her, and C. L. Lott, the driver. Lott, a member of the crew, was left deaf in one ear, and had seen the car approaching, but thought he could pass in front of it.

Each and All Doing Good.

Last night at its meeting in The Times' Rest Room the Each and All Club reported a good work done for the blind. Sixty dollars were raised containing complete outfitts for fifteen babies (two sets of clothing each) and shoes and stockings, etc., for a dozen more, had been forwarded. Miss K. R. Kip was elected as the new president of the club; vice-president, Miss Edna Lawrence; second vice-president, Miss F. Hoffman; recording secretary, Miss Luena Scholl; group secretary, Miss A. Rich; corresponding secretary, Miss Margaret Thomas; treasurer, Miss Neva Rich. Plans were made for an entertainment in the near future. The club, made up of bright, interesting girls, is flourishing.

P.E.O. Sisterhood.

The State Chapter of the P.E.O. Sisterhood is now in convention in Los Angeles, and the meetings are being held in Odd Fellows' Hall, at the corner of Jefferson street and Wilshire avenue. In all, thirteen delegations are in attendance, and the sessions are being thoroughly enjoyed by the interested concourse of fraternal women. Among the guests are Mrs. Mary Lawrence, president of the State Chapter here; Mrs. Hulda S. Miller, president; Miss Emma Ballard, first Vice-President; Mrs. Ella Spence, Recording Secretary, and Mrs. Martha W. Gandy, Recording Secretary. They tendered the delegates yesterday on behalf of the local Chapter C by Ida E. Morrison, its president. The sessions will continue throughout today.

BIG TROUT CATCHES.

Fishing on San Gabriel is becoming great sport for manipulator of the fly.

R. S. McDowell and Billy Nevins have returned from their five days' fishing trip on the San Gabriel River, and report some good catches. They tramped the stream for twenty-five miles to Devil's Cañon, fording the river sixty times en route.

As yet the waters of the San Gabriel are high, and will not be down to good fishing level for several weeks, but despite this Messrs. Nevins and Mr. Dowell captured 130 spangled beauties, most of which ranged between six and twelve inches in length.

A

PUBLIC SERVICE.

SUMMARY OF THE DAY.

The tunnel diggers of the outfall sewer have apparently encountered a bottomless pit of soft clay. The Board of Public Works and the City Engineers have examined the formation; they say that if it extends any considerable distance it may cause the abandonment of the tunnel.

Murderer McClure, who was to have been hanged today, was granted a reprieve yesterday by the Governor.

The departments of court continue practically closed because the attorneys will take no chances on having their cases tried, refusing to tamper with questions of jurisdiction since the Governor continues his legal holiday proclamations.

AT THE CITY HALL. TUNNEL STRIKES BOTTOMLESS PIT.

MAY CAUSE MODIFICATION OF OUTFALL PLANS.

Clay Dye and Floating Bottom Put
Sudden Stop to Construction
Work—Board Says It May Be Im-
possible to Complete Tunnel—Quar-
ter of a Million Already Expended.

Apparently the bottom has fallen out of the tunnel section of the outfall sewer. For six weeks the contractors have been working at one point. During that time they have dug less than six feet of tunnel.

Wednesday the Board of Public Works and the City Engineer went out to inspect the work. They report that the contractors are doing all that is in their power, but that they have encountered a formation which may occasion the abandonment of the tunnel.

More than 1,000 feet of the tunnel is already completed. Now the contractors have struck a clay and water formation that gives an excellent insulation of the bottomless pit.

Soundings have been made to a great depth but no solid bottom has been struck. In this mushy formation the most powerful force pumps clog up in less than an hour and refuse to work. The clay dissolves in water and the pits thus formed prove an effective barrier to tunnel building.

It is possible that the clay formation may extend for 400 feet. If the bed is so wide, it will necessitate the abandonment of the tunnel.

Even though the contractors were able to force their conduit through the clay bottom, it would not stand after completed. The weight of the construction would not care to take sink it, and it would be impossible to send sewage through the big bore.

"The situation is certainly a serious one," said President Anderson of the Board of Public Works yesterday. "I think we will have to abandon the tunnel or widen it with it will be impossible to build a stable conduit through it."

Apparently, the contractors are doing everything in their power to finish the tunnel. They have sunk expensive work there, from the mining districts of Montana and Colorado. All units in saying that the formation is one through which it will be impossible to maintain a conduit. Our hope is that it will extend less than 10 feet.

Before the specifications for the outfall sewer were advertised a number of wells were bored in the tunnel section to determine the kind of formation through which it would pass. These borings did not bring to the surface any material like that which the contractors have encountered. This gives to the Board of Public Works no hope of success. The engineers think that the clay formation will prove to be only a dyke, and that once pierced the trouble will be over.

But if it is more than a dyke, what then?

This question is receiving serious consideration. No one seems prepared to say just what will or can be done. Manifestly it is impractical to build for a long distance through the floating formation; it will be impossible to lay a conduit that would not sag and break.

Contractor Stansbury suggested yesterday that it may be practical to build the tunnel at a higher level. He said that the contractor could easily permit the construction of a tunnel near enough to the surface to pass over this area of floating bottom.

It is also suggested that it may be possible to build a tunnel around the section of hills through which the tunnel is being driven.

At least \$200,000 has already been expended in the tunnel. A change of plan will involve the abandonment of all this work.

No one blames the contractors, who are apparently doing the best they can. "We are not seeking to place the blame at all," said a member of the Board of Public Works yesterday. "We want to get that outfall working first. We can place the blame later."

An old white elephant, the outfall sewer and its lateral connections is assuming management. When it was first started months of delay were occasioned by the failure of the electrical brickmakers to deliver material equal to specifications.

The contractors are getting fatigued, and the work progresses but slowly. And just at the finish, when three-fourths of the work is completed, comes the floating bottom, which may demonstrate that the original plans for the outfall were faulty.

The outlook just now is not a pleasing one. In almost one-fourth the residence section of the city the cesspool system prevails, for the reason that there is no place to drain the sewer.

These sections have been clamoring for years for a new sewer system, and to their clamor has been added the urgent recommendations of the health department.

Hopes have been entertained that the outfall would be completed this summer, and that we would not be compelled to pass through another winter without a proper development in the tunnel section. Indicative of this may be a couple of years before the outfall is ready for use.

Every day the condition of the old outfall grows more serious and more disquieting. It is an all too improbable that the coming summer will find us without an outfall sewer.

POLICE COURTS.

LOTTERY CHINESE FINED. Four lottery-joint Chinese were convicted in the Police Court yesterday on charges of gambling and assessed \$50 each. They promptly put up the money and shuffled off toward Chinatown.

WAS ARRAIGNED.—Mrs. Kate B. Raymond was arraigned yesterday before Judge F. C. Perkins, who has been a ranchman at Pomona, sustained a sunstroke and in failing suffered a concussion of the brain. She failed to make a full recovery and lately had convulsions and showed a homicidal tendency.

HOMICIDAL MANIA.—Timothy C. Campbell has brought suit against the Pacific Electric Railway Company to recover damages for an accident on a Huntington-avenue car November 22 last. The car was to have been between Highland and Broadway avenues and Mott street, and suffered concussion of the brain. She asks \$2500, \$50 for physician's fees, \$15 for loss of wages, and inasmuch as she is disabled, she will be compensated as before, she seeks another \$2500 as compensation.

SENT TO PATTON.—C. Fox, an engineer who came here for the benefit of his health, was committed to the hospital at Patton by Judge Gibbs yesterday. Fox was staying at Rehberg's Inn, a mile from the time wandering and taking account of the millions he intended spending.

HELD THE WIRE.—W. R. Hearst held a hearing yesterday against the Pacific Electric Railway Company to recover damages for an accident on a Huntington-avenue car November 22 last. The car was to have been between Highland and Broadway avenues and Mott street, and suffered concussion of the brain. She asks \$2500, \$50 for physician's fees, \$15 for loss of wages, and inasmuch as she is disabled, she will be compensated as before, she seeks another \$2500 as compensation.

THE OUTLET JUST NOW IS NOT A PLEASING ONE. In almost one-fourth the residence section of the city the cesspool system prevails, for the reason that there is no place to drain the sewer.

These sections have been clamoring for years for a new sewer system, and to their clamor has been added the urgent recommendations of the health department.

Hopes have been entertained that

AT THE COURTHOUSE. NECK SPARED BY GOVERNOR.

REPRIEVE FOR SLAYER MCCLURE NEAR SCAFFOLD.

Killer of Zodiakoff and O'Shea at Exchange Stables Was to Have Been Hanged Today, Sentence Having Been Affirmed by the State Supreme Court.

The one-legged miner, John McClure, sentenced to death for having killed Jerry O'Shea, December 12, 1904, at the Exchange Stables on San Pedro street, was to have suffered the capital sentence today. Yesterday Gov. Pardee granted a reprieve until June 8, to allow time for further consideration of the condemned man's case.

The news of the reprieve received from Attorney W. F. McLaughlin yesterday in a telegram from the Governor. Mr. McLaughlin made a hard fight for his client, but on appeal the sentence was affirmed by the full court, save Chief Justice Beatty who did not concur. An odd little feature of the opinion handed down at that time was that the majority of the Justices Van Dyke, though he had been removed by death a week or two previous,

The defense set up by McClure was that of justified homicide, that he had killed Jerry O'Shea when the latter rushed at him with a pitchfork. As a matter of fact, one of the owners of the stable, Zodiakoff, was killed by the defendant first, and when O'Shea came to the rescue, he also dispatched with a bullet. The prosecution refused to try McClure for the killing of Zodiakoff first, but elected to try him for the second killing, in which the elements of self-defense could be more reasonably applied.

Assistant-Dist.-Atty. McComas and Deputy Fleming made the pace during the trial a hot one, and despite all that the defense could do the one-legged man was convicted and sentenced to death.

WORK OF ORGANIC JURY.

Miss Hallie Jenkins, the attorney at the Phoenix Insane Asylum, who used turpentine to quiet a violent patient, has been indicted for manslaughter by the grand jury. The same grand jury liberated Benito Lopez, who killed Miguel Valencia last November at Buckeye. It was shown that Valencia was a fugitive from justice, and that Mrs. Lopez, and her son, had been warned repeatedly from the Lopez home. The shot that killed the intruder went through the hand of the woman, as she was running away from her husband in an attempt to prevent violence.

At Clifton, last week, Rafael Valencia was burned to death by an unwise combination of gasoline and matches.

Her injuries are believed to be fatal. The flames were extinguished by her three children, who came upon the burning car and beat the gasoline out of it.

At Glendale, last night, a woman

committed suicide at Safford, Saturday, by shooting himself through the body. His domestic relations were thought to have been happy, and he was not the man of means.

Samuel L. Barnes, No. 222 Byrne Building, reported to the police yesterday that his horse and buggy had been stolen. He left the rig tied at the curb in front of the building Monday morning, and when he returned after an hour, it was gone. No trace of it has been discovered.

Wednesday night a 2-year-old filly was stolen from Max Bach of No. 34 East Vernon avenue. All day yesterday it was sought for the animal but it was not found.

On Wednesday afternoon the home of Mrs. E. M. Davis, No. 3575 Arroyo Seco avenue was broken into by burglars during the absence of the family and thorough ransacking. The thieves secured a valuable watch and a number of articles of clothing.

Thieves entered the room of Mrs. E. F. Hammel, No. 581 South Hope street, Wednesday night and stole a silk dress, a light tan suit and long coat, a silk shirt waist, a belt with two buckles, a number of other articles of clothing and leather hand bag and purse containing \$12.

Many other reports of thefts were made to the police yesterday which the officers are now working on in the hope of discovering the crooks responsible.

DEATH OF A. L. ROACHE.

Distinguished Jurist and Railroad Organizer Passes Away at Alhambra.

ALHAMBRA, April 22.—Addison L. Roache, who died here Tuesday, was one of the early railroad promoters and organizers of the Middle West. He was the first president of the Indiana and Illinois Central, now the Indianapolis, Decatur and Western Railroad Company. He was for many years a member of the board of trustees of the Indiana State University and was Indiana commissioner to the Centennial Exposition. He was a thirteenth degree Mason and filled most of the offices of the order. In the middle fifties he was elected a judge of the Indianapolis Socialist Club, and in 1877 he was elected a judge of the Supreme Court of Indiana in which capacity he served for several years. He was born in Rutherford county, Tenn., April 22, 1847. He leaves a wife, Miss Anna Jones, a youthful negro who had formed the impression that Oliver had wealth. She spent just a day in married life, then returned to town to live in a shanty that she had been deceived. On returning her husband's humble cot in the valley, she had learned that he was not the owner of that bunch of hawks' that had been reported in her eyes riches and a full waterbed.

The million-dollar damage suits of Pease versus Beemer at Yuma, with the count of \$100,000 filed by the defense against Pease, have been settled by a judgment given Beemer for \$1. The suits were bitterly fought, and it is understood will be appealed to higher courts.

Citizen Socialists have raised a fund of \$100 toward the defense of the Miners Federation officers now on trial for murder in Idaho. It is understood that fully \$200,000 will be raised by the miners of Arizona for this purpose.

At Yuma, a few days ago, Oliver McMillan, colored, age 52, a youth in his prime, was buried at Yuma, with Miss Anna Jones, a youthful negro who had formed the impression that Oliver had wealth. She spent just a day in married life, then returned to town to live in a shanty that she had been deceived. On returning her husband's humble cot in the valley, she had learned that he was not the owner of that bunch of hawks' that had been reported in her eyes riches and a full waterbed.

The million-dollar damage suits of Pease versus Beemer at Yuma, with the count of \$100,000 filed by the defense against Pease, have been settled by a judgment given Beemer for \$1. The suits were bitterly fought, and it is understood will be appealed to higher courts.

Citizen Socialists have raised a fund of \$100 toward the defense of the Miners Federation officers now on trial for murder in Idaho. It is understood that fully \$200,000 will be raised by the miners of Arizona for this purpose.

STATE COMMISSION MOVES.

The Board of Commissioners of Building and Loan Associations of California has made its temporary headquarters at No. 221 Syndicate Building, Oakland. Commissioner E. C. Field, president of the board, who resides in this city, states that the State office, located in the Alta Building at Kearny and Bush streets, San Francisco, was destroyed. The building was the property of United States Bankers, Inc., of New York, and C. Perkins and is now

under a total loss.

STOCK EXCHANGE COURTESY.

The Los Angeles Stock Exchange yesterday extended its courtesy to the brokers of the San Francisco stock exchange sincerest sympathies in the misfortune which has befallen them, and extending the courtesies of the local exchange to all brokers in good standing in San Francisco.

He did this cordially inviting their exchanges to transact business on the Los Angeles exchange until their exchanges may resume business in San Francisco.

WHIRLWIND ON SHAFT.

At Clifton a man feeding one of the Huntingdon mills in the Arizona Copper Company's works, fell into the mill, to be whirled around at the rate of several hundred revolutions a minute. Luckily, a fellow-workman saw him fall and it was less than a minute before the whirling man was pulled out. The man lifted out though badly bruised, and with a broken leg, he will live.

The suits at Yuma between the California Engineering Company and the Yuma Valley Union Land and Water Company, have been settled by confession of judgment by the latter company for \$6500. Damage suits, aggregating \$50,000 against the Sheriff of Yuma county will be dismissed as one result of the compromise.

The Santa Fe bridge across Salt River at Tempe has been repaired and local trains again are running to Tempe and back.

During the time of the break the Santa Fe utilized the Southern Pacific bridge for its through trains to Florence and Kelvin.

At the last session of the Grand Lodge of Free Masons for Arizona, Alexander Godfrey Schmidt was chosen Grand Master and George A. Mintz, Grand Secretary. Mr. Mintz is now entering upon his eleventh term as secretary. J. E. Bally of Klingman was elected Grand Treasurer.

Charles W. Slade of Globe was elected Grand Patriarch of the Encampment, and George A. Mintz, Grand Serjeant.

Miss Nellie Trott of Phoenix was elected president of the Rebekah Assembly, and Mrs. Nettie Scott of Phoenix, secretary.

The annual encampment of the Grand Army of the Republic for Arizona was held in Phoenix Saturday. At Commandant was elected W. H. Chappell, Grand Secretary. Mr. Mintz was president and Charles A. Van der Veen, as secretary.

The directors of the Phoenix and Maricopa County Board of Trade have voted to increase the election of W. H. Wadsworth president and Charles A. Van der Veen as secretary.

Saturday afternoon, at the Normal School at Tempe was held the annual meeting of the Arizona Tennis Association. The men's doubles were won by Murray and Lee of the University of Arizona. The mixed doubles were won by Ulman and Schmidt of the Normal School. The men's singles by Hickman.

INDIAN ADMITS PLOT IN GETTING LIQUOR FROM WHITE.

Arizona "Lo," in City Jail at Phoenix, Confesses He Tried to Have Man Procure Drink for Him, His Sole Purpose Being to Turn Penny by "Squealing."

(SPECIAL CORRESPONDENCE OF THE TIMES.)

PHOENIX (Ariz.) April 24.—That Poor Lo is rapidly learning ways of inquiry was shown yesterday at the City Jail, where a short-haired Indian calmly confessed that he had tried to get a white man to purchase liquor for him, simply that he might make money by informing the Federal authorities of the breaking of the Indian who was the sole person to whom he had sold the whisky, which all Indians seem to crave but as well reward money from which he might hope to repeat the expected intoxication.

Ben Baldwin, a pioneer Arizona drifter, has returned and resumed business in Phoenix after a year's absence in Los Angeles.

Maj.-Gen. Frank D. Baldwin, commanding the Southern Department, arrived Saturday from a completed inspection of the military posts of the Southwest, his last important work prior to retirement in June.

REORGANIZES FOR RELIEF.

Chamber of Commerce Center of All Supplies.

New Committees Appointed to Take Charge.

Espe Carried One Hundred Thousand Free.

The first wants of the stricken people of the North having been supplied quickly and abundantly, without much regard to who ordered the supplies or how they went, just as they got there, the Citizens' Relief Committee found things in a somewhat chaotic condition yesterday. To simplify the handling of the business, now that the first rush is off, the following sub-committees were appointed:

On requisitions—J. Baruch, F. W. Blanchard, Herman Lichtenberger.

On transports—J. O. Koepfl, Joseph Scott, Charles Silcox.

On finances—R. W. Burnham, G. A. Smith, C. D. Willard.

There have been some changes in the personnel of the Executive Committee and it now stands as follows: F. Q. Story, Mayor McLean, W. J. Washburn, J. C. Koepfl, Joseph Scott, J. Baruch, A. B. Case, J. M. Schneider, F. J. Zeehan, R. W. Burnham, G. A. Smith, Edward Kern, G. W. Smith, George Alexander, S. W. Hillier, F. W. Blanchard, Chas. Silcox, Niles Pease, E. L. Blanchard, W. J. Bunker, A. F. French, G. C. Parish, W. M. Garrison, C. D. Willard, Frank Coulter, and Herman Lichtenberger.

CENTER OF RELIEF.

At the Chamber of Commerce, where all the relief business is now centered, there was a constant stream of applicants for clothing. It could not be noticed that many of those applying, particularly men, were better-clad than some of those who looked about and it was observed that probably never had so much of Lee Angeles in their lives, were going to the headquarters and fitting themselves out with clothing, and some of them were even particular about the color. One woman, however, had worked several of the receiving stations for the benefit of her wardrobe.

These things will be stopped, as they are unfair to those who lose their all well as to those who have no supplies, but the refugees will continue to find an open door for all their wants. The women's committee is doing a splendid work in this line.

Quarter-Master Devel also had a carload of oranges yesterday, a carload from the Pacific Coast yesterday, and a carload of oranges had been received, and would be unloaded immediately, but asked that the committee send no more assignments of perishable goods, as the arrival of business has so congested that it is impossible to insure immediate delivery.

Part of a carload of bread, oranges and canned goods was sent Oakland yesterday in a Wells Fargo car. Late yesterday Mrs. Sevenoac sent to headquarters fifty-seven boxes of oranges and lemons.

FOR SAN JOSE.

Axell Campbell, a representative of the San Jose relief committee, came down yesterday and made application for a carload of underclothing, shoes, bedding, tents and other like supplies. An executive committee was formed to receive the applications to the reception committee, which will act on it tonight.

This case, in fact, is the one that brought about the appointment of the sub-committee, as Mr. Campbell came from "from pillar to post" until his feelings were hurt. He said that the little "garden city" has been flooded with people from San Francisco as well as having troubles of its own and no relief had been rendered in sufficient quantities to relieve the distress. He will get his carload of supplies today, however, and will go home happy.

Quarter-Master Devel also sent the following telegram to the San Jose committee: "Can use tenage, blankets, women's and children's shoes and underwear and some miscellaneous supplies, which I will endeavor to procure distributed."

FREE RIDES END.

Chairman Dr. C. McGarvin of the Transportation Committee was yesterday notified that the Southern Pacific Railroad has carried 100,000 persons out of San Francisco and Oakland free of charge and that all free transportation has now been cut off. At Los Angeles they gave orders that it will be from now on limited to the carrying of deserving persons to local points outside the city.

Many men were given employment yesterday and were furnished transportation on the street-railway to go to the jobs.

During the entire week since the disaster the office of the Alabbi-Blakey-Schaeffer Company, at the entrance to the Chamber of Commerce has been given up with its former size, and to receiving and packing supplies, in which W. F. Ford, Jeanette Cuthbert and Frank B. Rome have been especially active.

FOR SPECIAL SESSION.

The following telegram was sent to Governor Farnsworth by order of the Relief Committee: "In view of the relief given in our former telegram, the Chamber of Commerce's Citizens' Relief Committee urges you to call an extra session of the Legislature to provide, by the issuance of bonds or otherwise, for the retention of a normal tax-rate."

Also the following resolution in recognition of the services of the Native Sons and Daughters, was passed:

Resolved, That the Citizens' Relief Committee of the Chamber of Commerce hereby expresses its appreciation of the efficient work done by them in aid of the earthquake sufferers. The general public's automatic assistance has demonstrated that our native sons and daughters possess the characteristics of nobility of heart, and robust manhood and womanhood, so pointedly distinguished their ancestors.

OAKLAND GETS \$100,000.

The Finance Committee of the Relief Committee and Red Cross funds, as the disbursing body is now known, voted \$100,000 this afternoon to Oakland. Rev. P. C. Yorke was authorized to draw \$50,000 for the relief work he is doing there.

At a previous meeting, \$25,000 had been voted to Berkeley. This is in line with the announced policy of allying a portion of the relief fund to cities which are housing and feeding people from San Francisco.

A communication was received from Gov. Farnsworth announcing that all funds which he has received or will receive will be turned over to the Finance Committee.

RELIEF BOARD ACTS.

TO REFUTE FALSE REPORTS.

Relief measures for the sufferers from the earthquake and fire in Central California and prevention of damage to

the interests of Los Angeles by false reports and vicious immigration, were the topics of discussion at the regular meeting of Los Angeles Realty Board yesterday.

The board's Relief Committee reported that the pledge of \$10,000 from the real estate agents of Los Angeles had been fulfilled. More than that amount has been paid out and additional subscriptions are still coming in. In fact, a large additional sum was subscribed in amounts not reported to the committee. The men who were instrumental in this end were W. M. Garland, Gilbert Wright, G. E. Parish, Byron Erkenbrecher, and F. W. Flint, Jr., assisted by Leonard Merrill, John T. Griffith, George N. Elkins, and the secretary of the board, Herbert Burnett.

A special committee was appointed to confer with the Chamber of Commerce, relative to renewed vigor in advertising Los Angeles and the refutation of false reports to a large amount of damage in this city consisting of Gilbert Wright, W. G. Griffith and Walter E. Brown.

It was announced that a benefit performance of "The Man of San Jose" would be given at the Burbank Theater, and it was resolved by unanimous vote that the board should attend this performance in aid of San Jose.

San Francisco, the meeting of the State Realty Federation next month, the disaster in that city appeals especially to the real estate men. The convention has been postponed until later in the year.

BENEFITS ARRANGED.

Plenty, Pleasure and Proceeds Will Mingle for the Good Cause of Charity for Sufferers.

Not alone will the Turners of Germany rest with its appropriation of \$500 from its treasury and \$275 more subscribed for the sufferers at San Francisco, but it is proceeding to organize a number of benefits, the proceeds of which will go to swell the fund raised by the German-born citizens of this city. The Turners has its own hall, No. 10 South Main Street, and everything will be done to make the entertainments a success financially and otherwise. The secretary is R. E. Kastner.

Court Columbus, No. 102, Foresters of America, is one of ten courts in the city and the only Spanish-American court in the country. At the meeting of this court last week, \$25 was voted to the Foresters' relief fund for the San Francisco sufferers. Now the court will give a ball Saturday, May 5, in Turners Hall, in which all members are expected to take part, and the proceeds will go to the relief fund.

The Young Zionists' Association will dance for charity next Tuesday, May 1, at Arden Hills. They will have a benefit ball to help swell the general relief fund. The young people will mingle merrily, pleasure and proceeds for the good cause.

THEY ALL JOIN.

DOLLARS OF SYMPATHY.

From the Nogales Relief Committee comes word that the San Joaquin Times Relief Fund, dated April 26, when the news of the San Francisco fire-had reached this city the California Citrus Union telegraphed its agent, F. R. Frank, in New York, to sell the first carload of oranges to arrive, in behalf of the victims. Yesterday Mr. Frank sent his return in the shape of a telegram, which was added to the Times Fund.

From Macon, Ga., came an order through Hawley, King & Co., for \$200 and Mr. King suggests that it be used for the care of the refugees in this city.

The trainmen of the Los Angeles Railway Company in this city, the men who run the cars and work about the station, and officers joined in a subscription which amounts to \$100. The men of the city division of the Inter-Urban Railway also contributed to the relief of victims in San Francisco the sum of \$470.

From Macon, Ga., came an order through Hawley, King & Co., for \$200, and Mr. King suggests that it be used for the care of the refugees in this city.

Benefits in Los Angeles yesterday gathered receipts for the good Relief Fund that aggregated more than \$700.

The best part of it all was the kindly enthusiasm shown by the audiences. Now since the dawn of the disaster have as good assemblies been seen here as at any public function. A brilliant audience graced one of these entertainments, and the others were responded to by very full houses.

THE TREBLE CLEF.

Largest of the concerts was the Clef Recital, which was given at the Simpson Auditorium last evening in conjunction with the Woman's Orchestra under the direction of Mrs. Hamilton. The concert was originally intended as an exclusive affair for the associate members of the club, but when the demand for money came from the North, the affair was quickly turned over to the public.

One of the best audiences of the season in concert circles greeted Mr. Loti and his singers.

The programme was exceptionally good, and instrumental and vocal selections were assisted by Mrs. George A. Dobinson, reader.

The choral numbers included Oberleben's "The Smith of Love," Brahms' "Ossian," two minor choruses, and Knowlton's cantata, "Hawthorn and May." The soloists were Helen Tappe, Elsie Buford, German Pusnot, Grace H. Nash, and Hazel Bryson.

Keler-Bella's "Tempelwehne," Neimark's "Lorelei" paraphrase, two Movisovsk Spanish dances, and a Rabinstein number were the principal selections by the orchestra.

Mrs. Dobinson read a plantation selection, while Martha S. Gielow and Sims' "Little Jim."

STELLA GONZALEZ.

Little Miss Stella Gonzales, the intrepid young miss who dared the fate by taking a theater and giving a benefit all to her very self, shared extremely well, for these same fates were kind to her.

At her testimonial at the Hotel St. Regis yesterday afternoon she made a grand profit about \$240, which certainly established her as a charity worker of little Misses hereabout.

She came very near having a labor-union trouble, for one or two charliss bands threatened to make a row about working for charity.

Her intrepid young mother upon them being decent, however, and everything passed off peacefully.

Assisting little Stella were Miss Ethel O'Gorman, Muriel Fuller, Florence Hunter, Mrs. Anna Giddens, McFarland, B. R. Woodward, Catherine Cooke, Fay Hunter, Mrs. Alice A. Dorn, Charles T. Hendricks, Elsie Grosser, Robert Pitkin, Percy Matson and Nellie V. Nichols. Misses Stella Callender, Hazel Coulter, Percy Matson and Nellie V. Nichols. Wee William E. Cox, 25, Crysie Tatte, 28, Sunnydale Church, 31; building contractors (Builders' Exchange), 30; Columbus Buggy Co., Stanhope donations, \$113; Amy Mae Norton, 19; Luisa Gómez, 21; Mrs. E. C. Bowes, 45; George H. Woodruff, 45; J. W. White, 25; Mrs. George T. Tamm, 25; Alfred Solano, \$290; substitutions, \$100; employees of the First National Bank, \$220; Henry's Advanced Thought Society, \$30; cash, 25 cents.

CASH DONATIONS.

SUBSCRIBERS TO FUND.

Receipts by the Citizens' Relief Committee, with headquarters in the Chamber of Commerce, yesterday, amounted to \$402,47, a grand total to date of \$177,295.10. The subscriptions were:

MICHIGAN BOYS.

SOCIETY WILL ASSIST.

There are between 2000 and 3000 members of the Michigan Association of Southern California and they all intend to join in an effort to raise a good sum for the relief of the Michigan section of the San Francisco.

Mr. A. J. Scott is the chairman of the executive committee of the association in this city, and the committee is arranging for a monster picnic under the auspices of the association to be held on May 5 next.

Arts, music, dancing, and fun and the sum raised will go to relief work under the auspices of the San Francisco Michigan Society.

TYRANT UNIONS ARE DRIVING MEN AWAY.

Able-Bodied Workers Are Needed in San Francisco and Railroads Stop Free Transportation of Refugees—Detention Camp a Failure.

FROM advices received at the Santa Fe and Southern Pacific railroad offices, it appears that the rush of refugees to Los Angeles is on the decline. Undoubtedly this is largely due to restrictions on the giving of free transportation out of San Francisco by the railroads. All applicants are now being subjected to careful cross-examination this being done for the reason that San Francisco needs all able-bodied men and needs them at once for the reconstruction of the city. The labor situation there is liable to be strained because of the tyrannical demands of unionism.

Three cars containing refugees left on Santa Fe train No. 8 from Oakland at 7:30 o'clock Thursday night. These refugees should arrive in Los Angeles this evening. A Santa Fe official stated yesterday that he believes this shipment represents "the tail end of the rush." He added further:

"Surely men who are unwilling to labor for a fair wage in San Francisco because of unionism and strikes are hardly entitled to free transportation away from that point. The work of relief, especially on the part of the Red Cross, has been so complete that serious cases of destitution are now very few. Provisions are piling in there at a rate which threatens to swamp the place. Our reports show us sent up to the present moment there are over 100,000 men en route to San Francisco. The shipments contain practically everything that can be needed for the exigencies of the case: eggs, crackers, canned goods, mineral water, ice, fruit, clothing, bedding and even household goods. Prior to Tuesday noon fifteen trainloads of relief staff had been turned into San Francisco by this railroad. The labor unions are driving men away by the unions."

ALL CARE FOR.

Two sections of a refugee train of the Southern Pacific arrived at the Arade Depot yesterday morning, containing the usual assortment of worthy and unworthy cases. Japanese, Chinamen, Cholas and American families. After registration, the arrivals, numbering about 1,000, were handled with rapidity by the various committees. The better class of women and children were sent to Christ Church, which is making a specialty of care for the "fairer sex." Men are fed at Christ Church but are not lodged there. Others were taken to Angelus Camp at Agricultural Park and the rest melted away into the city, apparently to know where they were headed for.

The Sepulveda Detention Camp near Burbank has not proved a very great success thus far, and undoubtedly will be abandoned. A portion of the chain gang was sent out there yesterday and never returned. Theophilus Harlow, who is the medical inspector of all in-coming trains, has not found it necessary to remove any refugees from the camp to their detention camp, and last night not a single refugee was to be found there.

FEW CROOKS FOUND.
Thus far approximately \$1400 has been expended by the committee for this camp. There were twenty paid guards on duty there Wednesday night—there were no refugees to guard.

"It is a very natural thing that the

RELIEF FOR THE STRICKEN CITY.

I acknowledge, on behalf of the Los Angeles Times, the receipt, up to 12 o'clock midnight, April 26, of the generous total of \$75,820.15, for the relief of the San Francisco sufferers, made up as follows:

Contributions previously acknowledged.....	\$75,560.30
Nogales Relief Committee, Nogales, Ariz.....	2,000.00
California Citrus Union, proceeds sale of carload of oranges.....	655.40
Trainmen of the Los Angeles Railway Company.....	230.45
Hawley, King & Company, for Blees Carriage Company, Macon, Mo.....	200.00
P. W. Britt.....	100.30
Smaller sums totaling.....	74.00
Aggregate.....	\$75,820.15

I will receive additional contributions and account for all, no matter how small the amounts. All the sums so contributed, except such amounts as I may deem it expedient to keep direct, will be turned over to a relief committee composed of reliable citizens whose names will be a guarantee of the proper application of the fund. Let the response be prompt, numerous and liberal. The appalling horror has caused indescribable suffering, which must inevitably continue for weeks to come.

H. G. OTIS.

(Names of contributors, in sums less than \$100, are shown in a subjoined paragraph.)

Yesterday's contributions in amounts less than \$100, to be forwarded through The Times, reached a total of \$74, which amount is accounted for above, under the designation "smaller sums totaling." The amounts contributed are as follows: F. Ormond, No. 206 Fay Building, \$20; Frank E. Walsh, \$20; Sherman Phifer, \$5; L. C. Tighman, \$5; E. R. M., \$5; J. C. Patterson, \$2; H. C. Leonard, \$2; C. P., \$1; Mrs. C. Anderson, \$1; a friend, \$1; Borghild, \$1. Total, \$74.00.

FOR THE RELIEF FUND.

"California, Where Sets the Sun."

Copies of the new work of the late Mrs. Eliza A. Otis—that beautiful, superb, meritorious and highly commended book—are offered for sale, the entire net proceeds to go to swell the relief fund for the benefit of the needy sufferers in stricken San Francisco.

Prices: Edition de luxe, \$15; popular edition, \$3.

The net proceeds from the first named edition will reach \$7.50 on each book.

Remit by check, postal order or otherwise, adding 25 cents for express charges; or hand orders in at the counting room in The Times building.

We believe that the lamented and gifted author, now dwelling on another shore, would have joy in this action we join in.
